When I came to the UK, finding a mosque was tough. I didn't know where to look. But then, I found Halal Online Directory. It helped me discover all the mosques nearby and even in other parts of the city. Now, it's like having a map to all the masjids where I can offer my prayers punctually. Halal Online Directory made my living in the UK a lot easier.

**Student, Leeds**

Running a halal takeaway shop in London was tough. I hardly had any visibility, and it felt like my business was invisible. Then, I decided to list my shop on Halal Online Directory. The change was remarkable. Suddenly, more Muslims started discovering my shop. I never knew there were so many Muslims living near me! But thanks to Halal Online, my business is booming now. .
